Woodcraft Express Shipping
All instock orders received by 2pm EST are shipped out that same day!

Same Day Shipping!
All in-stock orders received by 2pm EST will be shipped out the same day.

Our huge inventory and sophisticated picking and packing system allows us to ship faster than any other woodworking tool catalog. Our shipping and handling charge covers all regular postage charges for your order regardless of how many packages it's shipped in. All orders are fully insured by Woodcraft against loss or damage. If a problem does occur, contact us immediately.

Orders being shipped to AK, HI and any of the territories or possessions of the USA are shipped by standard US Postal mail. Please contact our Customer Service Dept. for more information on FedEx 2Day or Priority Overnight shipping.

Freight Shipments
Items over 100 pounds in weight, or of an unusual size, must be shipped by common carrier. These are charged an additional amount over our regular Shipping & Handling charge to help cover this expense. This charge is for standard commercial delivery and is always identified in the product's copy. If the shipment is to a residence or if lift gate service is required, additional fees may be charged by the freight company. Truck shipments are tail gate deliveries. The driver will not take the item off the truck, that is your responsibility. Woodcraft's Customer Service Dept. will gladly contact the freight company that services your area and prepare an estimate prior to completing your order. Shipments outside the contiguous US are charged actual shipping expenses.

Questions? See Ordering Information on page 163.
