## Making Boxed

## CUSHIONS

Cut list - just the calculations

See page 2 for example measurements

| Part | Qty. | L | W | H | Notes |
| :--- | :--- | :--- | :--- | :--- | :--- |
| Faceplate | 2 | $\mathrm{~L}+1^{\prime \prime}$ | $\mathrm{W}+1^{\prime \prime}$ |  | Cut on the grain |
| Boxing | 1 | $2 \mathrm{~L}+\mathrm{W}$ | $\mathrm{H}+3 / 4^{\prime \prime}$ |  | Cut on the grain |
| Zipper Boxing | 2 | $\mathrm{~W}+6^{\prime \prime}$ | $(\mathrm{H} / 2)+7 / 8^{\prime \prime}$ |  | Cut on the grain |
| Welt strip | 2 | $2 \mathrm{~L}+2 \mathrm{~W}+3^{\prime \prime}$ | $13 / 4^{\prime \prime}$ | Cut onthe bias |  |
| Welt cord | 2 | $2 \mathrm{~L}+2 \mathrm{~W}+3^{\prime \prime}$ |  |  |  |
| Foam | 1 | $\mathrm{~L}+1^{\prime \prime}$ | $\mathrm{W}+1^{\prime \prime}$ | $\mathrm{H}+1^{\prime \prime}$ |  |
| Dacron Batting | 1 | $2 \mathrm{~L}+\mathrm{H}$ | W |  |  |
| Zipper | 1 | $\mathrm{~W}+8^{\prime \prime}$ |  |  |  |

## Patterned fabric calculator:

In order to ensure that you procure enough fabric to cut out your pieces in a way that your pattern matches at the seams, you'll need to know the "repeat" measurement of your pattern. This measurement in the length of one full unit of your pattern before the pattern repeats again. For instance, a striped pattern might have a repeat measurement of $1 / 4 \mathrm{l}$, while a floral pattern would be several inches. You can measure this number yourself, or look for the manufacturer's listed repeat measurement when purchasing online

## $2 \times($ repeat measurement) $=\%$ extra fabric

For instance, if your repeat measurement is 14 ":
$2 \times 14=28$
Purchase 28\% more fabric than you would need for a solid color cushion.

## Making Boxed <br> CUSHIONS

EXAMPLE: $20 \times 18 \times 4$ " cushion

| Part | Qty. | $\mathbf{L}$ | W | H | Notes |
| :--- | :--- | :--- | :--- | :--- | :--- |
| Faceplate | 2 | $21^{\prime \prime}$ | $19^{\prime \prime}$ |  | Cut on the grain |
| Boxing | 1 | $58^{\prime \prime}$ | $4-3 / 4^{\prime \prime}$ |  | Cut on the grain |
| Zipper Boxing | 2 | $24^{\prime \prime}$ | $2-7 / 8^{\prime \prime}$ |  | Cut on the grain |
| Welt strip | 2 | $79^{\prime \prime}$ | $1-3 / 4^{\prime \prime}$ |  | Cut multiple strips on the bias and seam together as described in article to achieve full length. |
| Welt cord | 2 | $79^{\prime \prime}$ |  |  |  |
| Foam | 1 | $21^{\prime \prime}$ | $19^{\prime \prime}$ | $5 "$ |  |
| Dacron Batting | 1 | $44^{\prime \prime}$ | $18^{\prime \prime}$ |  |  |
| Zipper | 1 | $26^{\prime \prime}$ |  |  |  |
